	General	I have reviewed the application. I am not satisfied that the applicant would leave Canada at the end of their stay as a temporary resident, I note that : - the client is married or has dependents or states to have close family ties in their home country, but is not sufficiently established PA will be accompanied by spouse. The ties to their home country are weakened with the intended travel to Canada involving their immediate family, as the motivation to return will diminish with the applicant's immediate family members residing with them in Canada. The study plan does not appear reasonable given the applicant's employment and education history. I note that: -the client's previous studies were in an unrelated field -the client's proposed studies are not reasonable given their career path. The applicant does not demonstrate to my satisfaction compelling reasons for which international educational program would be of benefit as there are similar programs available closer to the applicant's place of residence and the benefits to the applicant of enrolling in an international program do not appear to outweigh the costs. Chosen program at such expense appears illogical or redundant in light of the PA's reported scholarly history. On balance, the PA has failed to satisfy me that the course of study is reasonable given the high cost of international study in Canada when weighed against the potential career/employment benefits, the local options available for similar studies, and the PA's personal circumstances. Weighing the factors in this application. I am not satisfied that the applicant will depart Canada at the end of the period authorized for their stay. For the reasons above, I have refused this application.	MS10717	2022/02/01 03:21:34 PM	CPC- Ottawa
